

## EASY & OPEN FIAT GATEWAY

Tokens are becoming more and more common all over the world. Companies, products, industries, economies are setting up their own tokens and cryptocurrencies thus giving birth to a **full digital economy**.

As a result, trades and companies that setup fiat gateways to allow exchanging fiat currencies to this digital tokens and cryptocurrencies are **more necessary than ever**.

**Peer2Cash** is born to help integrate a Distributed Liquidity Platform directly into applications, websites, wallets and (d)Apps to **bridge the gap** between digital economy and fiat moneys.

We have already released a Webapp were you can buy and sell several cryptocurrencies in an **easy, convenient way** and soon you will be able to experience it from our Pungo Wallet mobile apps too.
